Features

Trustee Portal Security & Customization

Trustee Edge™ displays information specific to your Plan(s) and will only display to authorized users.

- Fully customizable access add / delete Trustees and Admins as needed
- Add, delete, modify Trustees email address or adjust access level as needed
- Add Categories (sub-menus) to your web pages, names of categories must remain stable as they are used by all Trusts
- The Trust Portal is a secure area, the only people who have access to it for any given Trust are the Zenith American Administrative staff that maintain the documents, the Trustees and any Trust Advisors or Consultants that Trustees determine should have access

Value and Benefits

The Trustee Portal allows Trustees & their Advisors to access Trust documents from anywhere there is an Internet connection. This allows Trustee users to access & maintain Trust information while "on the road" or at Member meetings.

Zenith American Solutions' Trustee Edge™ is a proprietary interactive website that works for you. The site is customized around your Fund(s) specific needs, and not only reduces your costs but ensures that your Participants get the Best in Class Service at all times.
